

UNIMEX MEDICAL EXAMS MANAGEMENT, INC.

Earning Friendships through Business

Laura Tschopp
President

UniMex Medical Exams Management, Inc. provides the level of service you expect and deserve and prides itself as being a customer-service driven team. As President of **UniMex**, I can confidently say that we make every effort to meet your timing commitments, budgetary restrictions and any specific requirements. UniMex has, based on the merits of services rendered to our existing clients, developed a constantly growing relationship with them and would welcome the opportunity to earn your business.

UniMex is geared to provide various levels of independent medical examinations conducted by a diverse group of examiners on a nationwide basis. We have a comprehensive panel of board-certified physicians, representing a complete cross section of medical specialties available. All are fully knowledgeable of the rules and regulations of the applicable State Workers' Compensation Laws.

UniMex produces comprehensive, coherent and lucid reports that are promptly forwarded to the client and parties of interest. The consultants are available for testimony in support of their findings at Arbitration hearings, in court or at the Workers' Compensation Board. Their experience indicates that the favorable settlement of even just a small percentage of otherwise lost claims, due to the superiority of a UniMex report and examiner's testimony, will prove us worthy of your valued, long-term business.

UniMex... your partner in claims.
